Ashwin Vinod

Knoxville, TN | 615-724-8210 | av123v2005@gmail.com | https://www.linkedin.com/in/ashwin-varghese-vinod/ | https://github.com/avinod1

EDUCATION

Computer Science Major, Machine Learning & Business (Double Minor), UTK | 2022 - 2027 | Knoxville, TN

AWARDS & HONORS

- **UAE Physics Mastermind** Ranked **top 60** nationally across student from 1200 schools, selected for UAE National team training, 2020-21
- **GEMS Global Innovation Challenge Winner** in GCC Region (10000 student participants) for sustainable energy category, built a levitating car, 2017

CERTIFICATIONS

- **Wharton – Fundamentals of Quantitative Modeling**: 100% Grade achieved, June 2026

PROFESSIONAL EXPERIENCE

Growth Intern, IB Flash | June 2026 – August 2026 | New York City, NY | Remote

- Created a Gemini - Canva pipeline to generate content, gaining 30,000 views across social media platforms.
- Posted over 100 QnA posts across platforms, interview preparation for Investment Banking performed best.
- Strategized outreach programs within financial communities online.

QUANT PROJECTS

Cross-Market Semiconductor Momentum & Risk-Targeting Engine

- Developed a modular dual-momentum backtesting frameworks on python modelling relative strength and 200-day SMA trend filter across US (MU) And Korean (SK Hynix) semiconductor equities.
- Modelled cross-market execution dynamics and integrated USD/KRW currency conversions to track 10-year stocks prices.

AI – Generated Text Classification

- Built text distinguishing model based on distilBERT and LinearSVC.
- Trained on 1367-sample dataset.
- Both the implementations achieved an accuracy of 59%, with distilBERT showing improved accuracy (+10-12%) with larger datasets.

Corrugated Paper – Class Scheduler

- Created a class scheduling web application
- Scraped and integrated university course and location data
- Implemented a map feature to visualize class locations and the distance between them

QUANT SKILLS: Python (Pandas/NumPy/PyTorch), C/C++ (DSA, Multi-Threading), Linux, Regression analysis, Quantitative Trading, Statistical Modelling
INTERESTS: Badminton, Gaming, Mountain Biking
LANGUAGES: English, Malayalam, Hindi
